

WHAT WE HAVE BEEN DOING FOR RSJ

Heritage Project

We introduced the Heritage Project where children were asked to re-search their own history to share with others across the school.

RSJ Club

Children have been able come to our RSJ Club to discuss matters relating to Race and Social Justice that affect children in and out of school.

Curriculum Maestro

We have invested in a new curriculum that better reflects the diversity of our school community

Country of the Month

We have reintroduced Country of the Month so that we are learning about lots of different countries around the world and their customs and traditions.

Greater Diversity in our Books

We have invested in more books for our library that are reflective of the diversity in our school community .
